

3.0 RESPONSE TO COMMENTS

Copies of the written comments that were submitted on the Draft EIR are provided in this section, as well as excerpts of the transcripts from the public hearings held on January 6, 2009 (the complete transcripts are in the Appendix). Each numbered Comment Set is immediately followed by the corresponding responses. Comment letters are presented chronologically, in the order dated or that the CSLC received the comment, followed by the comments received during the public hearings (comments were only received during the 6:30 PM public hearing). Errata and minor text clarifications within the Draft EIR arising from the comments and responses are presented in Section 4.0.

Individual comments are numbered in the margins of each comment letter and correspondingly numbered responses follow each letter. Table 3-1 lists all comments and shows the comment set identification number for each letter.
